History of Activism

Activism has a long and rich history in the United States. From the abolitionist movement to the civil rights movement to the environmental movement, activists have played a vital role in shaping the course of

American history. Lexington Studies in Political Communication has published several books that examine the history of activism in the United States.

- *Activism in the United States: A Documentary History* by John M. Street and Alexander Guerrero
- *The Abolitionist Movement: A Transatlantic History* by Manisha Sinha
- *The Civil Rights Movement: A Global History* by Clarence Lusane

The Role of Social Media in Activism

Social media has become an increasingly important tool for activists in recent years. Activists use social media to connect with each other, share information, and organize protests. Lexington Studies in Political Communication has published several books that examine the role of social media in activism.

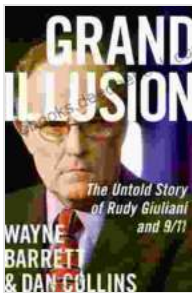

- *Social Media and Social Movements* by Donatella della Porta and Manuel Castells
- *The Power of Social Media for Activism* by Sarah A. Soule
- *Social Media and the Arab Spring* by Marc Lynch

The Impact of Activism on Policy Change

Activism can have a significant impact on policy change. Activists can raise awareness of issues, pressure policymakers, and mobilize voters. Lexington Studies in Political Communication has published several books that examine the impact of activism on policy change.

- The Impact of Activism on Policy Change by John M. Street and Alexander Guerrero
- Activism and the Policy Process by Frank R. Baumgartner and Beth L. Leech
- The Power of Protest: How Social Movements Shape American Democracy by Frances Fox Piven and Richard A. Cloward

Activist Nation Rising is a valuable resource for anyone interested in the role of activism in American politics. The series provides a comprehensive overview of the history of activism, the role of social media in activism, and the impact of activism on policy change.
